

Krungsri Group Statement of Business Integrity and Environmental, Social and Governance (ESG)

Bank of Ayudhya PCL and its subsidiaries (Krungsri Group), one of the Domestic Systemically Important Banks (D-SIBs), are guided by a business philosophy based on 'sustainable banking' principles which incorporate not only economic and financial targets, but also environmental, social, and governance (ESG) goals toward sustainable development in accordance with the United Nations Sustainable Development Goals (SDGs).

Integrity is, therefore, the cornerstone of Krungsri Group's business operations which determine to responsibly perform per customers' trust to use our financial and investment services. The Board of Directors, the management, and employees at all levels are held accountable for strict compliance with business code of conduct, related laws & regulations, and concerning environment and social impact while supporting business and counterparties of the Bank.

In addition, Krungsri Group has always placed importance upon encouraging all business partners, including vendors, intermediaries, and agents, to express their dedication in complying with their applicable laws, especially laws related to Anti-Bribery and Corruption, as well as social and environmental laws governing such as human rights.

On this note, Krungsri Group would like to request your cooperation to study contents in [The Spirit & The Letter of Krungsri Group](#) and [Environmental and Human Rights Disclosure Statements](#) via our website by clicking the links provided or scanning the QR codes below.

Your contribution toward engaging in responsible and ethical business practices for social and environmental sustainability is highly appreciated.
